SPRING 2010

*I think Therefore I Am...
a Kappa Epsilon!*

Plus:

- Revitalization
- KE Home & Abroad
- ASHP – Vegas!
- Zada M. Cooper Scholarships Awarded

THE BOND

Dear Members and Friends of Kappa Epsilon,

Welcome to the Spring issue of *The Bond*! It was truly a pleasure to meet so many of you at the ASHP Meeting in Las Vegas, NV in December and the APhA Meeting in Washington, DC in March. Thank you for bringing your KE spirit and pride with you as you represented your various schools and places of employment! KE had much to celebrate at our APhA reception in Washington, as we honored our Career Achievement Award winner, Marilyn Speedie, our KE/Merck Vanguard winner, Linda McElhiney, and our Nellie Wakeman Fellowship winner, Kristin Villa. Additionally, congratulations to the fantastic six women who have been awarded the 2009-2010 Zada Cooper Scholarships! You'll find them highlighted in this issue, as well as criteria for the award and where to go to apply for next year's award.

As you recall, our focus for the 2009-2011 biennium is a challenge: for each of us to honor and uphold the commitment we made to the Fraternity upon our initiation. With rising insurance premiums and decreased funding opportunities for programming and awards, the Fraternity has been challenged financially this semester. Members, if you're considering making a donation to the Fraternity or the Foundation or paying your national dues, we need your support now more than ever! Your Grand Council, Executive Director, and Foundation are working hard to make important decisions to keep the Fraternity alive for many years to come. Many of you have already come forward to show your support: I am delighted to report that we have added 4 new KE National Liaisons to our group of 13 dedicated volunteers. Thank you to these individuals for their willingness to serve! If you're interested in being an enthusiastic contact person for your local chapter, please contact the Executive Office for more information. Also, we've connected with over 200 members across the United States through the creation of the Kappa Epsilon Facebook page. Please become a Facebook member of "Kappa Epsilon Fraternity, Inc.," to re-establish your bond with KE, link up with old friends, and to stay informed of important Fraternity news and information!

Best wishes to you and your families this spring!

In the Bond,

Elizabeth A. Kort, PharmD

LAMBDA Big & Little Day

Kappa Epsilon

The BOND is an official publication of Kappa Epsilon Fraternity, Inc. The magazine is published two times annually, with a distribution of approximately 5,000 copies. *The BOND* is printed by Richardson Printing, Inc., Kansas City, Missouri. Articles and pictures should be sent to the KE Executive Office, 7700 Shawnee Mission Parkway #201, Overland Park, KS 66202-3057 or to kefrat@aol.com. **The deadline for submissions for the Fall 2010 issue is September 15th, 2010.**

The mission of Kappa Epsilon is to empower its members to achieve personal and professional fulfillment by developing their confidence, self-esteem, interpersonal skills, and leadership vision, and to represent the interest of the membership to health care professionals and the community at large.

Chapter Revitalization

When I joined the Beta chapter of Kappa Epsilon last year at UNMC, I was one of five members to join that year. Going in to my P2 year, our chapter had a total of 7 members. Every current member coming into this year had at least one officer position, some more than one. **We were terrified that we were going to die out and lose our chapter!**

Luckily, three of our chapter officers and I were able to attend convention in Indianapolis. I believe that it was at convention that we began to realize the true meaning of being a part of Kappa Epsilon for life. Through education sessions, we learned about KE and its impact on pharmacy and through workshops and fellowship we learned from other chapters about their traditions and struggles. We were able to share our challenges and receive great ideas, feedback, and support from collegiate and alumni members from across the country. We left convention with a revitalized passion for KE and a determination to share that excitement when we made it back to UNMC. All we could think about on the nine hour drive from Indianapolis back to Omaha was what we were going to do this year to make our chapter a better and more successful chapter. I truly believe that **the enthusiasm we brought back to our chapter revitalized our group** to make our mark on our campus!

We made plans on that drive home and worked hard into the beginning of the school year to get the word out at UNMC about Kappa Epsilon. When school started, we talked with anyone that would listen about our philanthropies and our volunteer activities as well as our **strong bond and friendships**. We did everything that we could think of to make everyone else see what KE meant to us and why it is such an amazing organization to be a part of. We just had to hope that our passion and dedication would pay off!

This fall, we initiated **22 new members** to our small chapter. We tripled in size over one recruiting period! I feel strongly that the tools we learned at convention are a major part of that success. We leave Indianapolis with a multitude of wonderful ideas and new friendships, but we were also given a new energy and attitude towards how Kappa Epsilon is for life. Convention not only helped us to see the bigger picture of KE and gave us the tools to share that with our current and potential new members here at home, but it also **instilled in us that we can always**

Top: Beta members at the Race for the Cure.

Above: Beta Chapter showcasing their new shirt design.

be an active Kappa Epsilon long into our days after school. Our goal now is to make this the tradition that the Beta chapter upholds in the future so that we can expand our chapter and use the greater numbers to make an even greater impact on our community and our contributions to the fraternity.

~Maggie Hitzeman (Beta),

Grand Council VP Member Recruitment

Kappa Epsilon Members Home and Abroad: Rotation in the “Final Frontier”

Annette Koski (Delta) with her Northern Pike.

This is my final year in pharmacy school and I am currently completing my clinical rotations. All through school I have been interested in working for Indian Health Service. Last fall, a pharmacist from Alaska came to my school to recruit for his site which offered round trip airfare from Bethel to Anchorage, housing, and meals during a clinical rotation. The objectives of this rotation would be to learn about working for Indian Health Service, learn about living in rural Alaska and learn about the culture of Alaskan Natives. This was too good to pass up, so I took him up on the offer and traveled to “the land of the midnight sun”.

Bethel, Alaska is 400 air miles west of Anchorage and 80 miles inland from the Bering Sea. Population of Bethel is approximately 6,500 people and can only be reached by air or travel on the river. This is the home of Yukon-Kuskokwim Delta Regional Hospital. While there, I was able to see patients with the providers in the clinics, learn the aspects of working as a pharmacist in the inpatient and outpatient pharmacies, counsel patients on their medications, visit the mental health and eye clinics, and use my knowledge to answer drug questions and present projects. Alaska is unique in its health care system due to the Community Health Aide Program developed in 1970 to expand medical services to the small, remote native villages. Health Aides are able to see patients, diagnose simple illnesses and conditions, and prescribe and dispense certain medications based on prewritten protocols. Of course, patients can be transported to larger facilities as needed. During a visit to the remote St. Mary's Village, I was with the Health Aides while they were in action. I visited with several patients regarding their medications and any problems I found while reviewing their charts.

Luckily, I was able to enjoy the lifestyle of an Alaskan too! On my off time, I went salmon fishing on the Kuskokwim River and caught a Northern Pike with a rod and reel! I was in Alaska at our Nation's Birthday and attended the community Fourth of July celebration. This rotation will be different than the rest of my experiential year because of the unique learning environment. I gained a lot of knowledge of a different culture and environment than to what I am adapted. Overall, this was a very rewarding and enriching experience and one I will not soon forget!

Kappa Epsilon's Zada Cooper Scholarship Winners

Jennifer Lynn Bennett (*Alpha Beta*)

Kristina Chen Yin (*Kappa*)

Jacqueline Marie Hilton (*Alpha Phi*)

Shelby Lynn Jenkins (*Alpha Chi*)

Sarah Neuhauser (*Chi*)

Lyndsay Zotian (*Beta Epsilon*)

Congratulations, Ladies

Our National Scholarship Committee recently announced the 2009-2010 winners of Kappa Epsilon's Zada M. Cooper Scholarship. The Zada M. Cooper Scholarship was established in 1955 in honor of Kappa Epsilon's founder, Zada M. Cooper. Recognizing superior achievement, the scholarship is supported by a small percentage of each member's national dues in addition to KE members who donate to the scholarship fund.

The award consists of six \$500 scholarships presented annually to active collegiate members by the KE Foundation. Recipients

must have completed at least six semesters of undergraduate education with at least two of these semesters in an accredited college of pharmacy. Applicants should have maintained high academic standards but also contributed substantially to the activities of their KE chapter and college of pharmacy.

Applications are due by November 15th of each calendar year. Please see the webpage, www.kappaepsilon.org for more information about application and qualifications. *Congratulations ladies!*

Are We Having Fun(ds) yet?

Fundraising is a tough but necessary part of maintaining a strong chapter. Although it takes time, effort, and organization to make it happen, when your group has a positive result everyone gets to enjoy the rewards.

First ask, "What are you fundraising for? The type of event you plan often comes back to WHY you are fundraising and can be fun and fresh with new, innovating ideas.

Ask yourselves, "What are our goals for this event?". Knowing what you are trying to achieve will help you start identifying what type of programming you need to create. Do you need over \$1000 for travel money for your National Convention delegates or are you going broke and want to bring in as much as possible for a charity function or scholarship fund?

Secondly, ask "What does my campus need, what do they like, and what haven't they seen before?". If your fellow students and staff get

Alpha Epsilon Members at their T-Shirt Sales table

hit with the same old bake sales every Friday, their level of interest is going to dwindle if you attempt to give them more of the same. Hit them with something original! Is your college located in the middle of nowhere? Sell the required calculators to the incoming first year class so that they don't have to find a ride off campus. Is it a rough part of the semester? Help your school celebrate with a Mr. Pharmacy Pageant after the tests are turned in! Is there a "Parent's Day" coming up? Set up a photo booth and take pictures of

the happy families and sell decorated frames.

Finally, ask your chapter members, "Is this a program that would excite you to be involved in?". If members are not energized by the concept and willing to give their all, your results will not be as amazing as they could have been. Come armed with several ideas for fundraisers and ask your chapter what they want to

achieve together. There is a big difference between participating in ANOTHER bake sale and arranging a campus wide Chili Cook-off on a cold, wintery day!

At every Convention, chapters and alumni members share new fundraising event ideas and brainstorm ways for everyone to be successful. You will find several of these ideas and many more in the "Members Area" section of www.kappaepsilon.org under the "Programming Ideas" link.

Do You Have Your Quilt Square Done Yet?

All collegiate and alumni chapters and any interested individual alumni members are asked to participate in the creation of a 90th anniversary quilt. Use your creativity and talents to design a 12x12 inch square that best represents your chapter or your life with KE. This will be a special piece of our history, and your time and best efforts are appreciated. Squares that are collected will be compiled into a new quilt to be unveiled at the 2011 convention in Phoenix! Please direct any questions to Grand President, Elizabeth Kort, at elizabethkort@yahoo.com.

Requirements for the squares are:

- Must be on red or white cotton fabric.
- The design itself should only cover the center 10 X 10 inches so that there is room for sewing to occur.
- Please do not use "puffy paint" and verify that ALL materials used, including glue if you use it, are non-toxic and acid-free.

Remember that all quilt squares are due to the Executive Office no later than August 1st, 2010.

COLLEGIATE CHAPTER UPDATES

Alpha Omicron members working with Crisis Nursery Holiday Hearts.

Alpha Omicron Saint Louis College of Pharmacy

Greetings from Alpha Omicron! We are having a great year here in St. Louis! We started the school year off by initiating 18 wonderful ladies. We know each of them will add so much to our chapter. In addition to our annual breast cancer awareness tee shirt sales, this year we tried to bring light to breast cancer awareness in new ways by offering pink hair extensions for donations and a paper bra decorating contest with entry fee of 1 dollar. We were able to raise over \$1,200 dollars for the Susan G. Komen Foundation. Having a new program be so successful inspired us to reach out in other new ways.

As seasons shifted and the holiday spirit crept in we found ourselves welcomed with another opportunity for service. Alpha Omicron adopted a family through the Crisis Nursery Holiday Hearts program. The Crisis Nursery is an organization aimed to help families with young children by providing

childcare, shelter, and any other services that they may need. As a chapter we were able to collect over 1,000 dollars worth of toys and items that the mother had requested, as well as pay an outstanding utility bill and provide grocery gift cards. This family surely had a wonderful Christmas. Next year we hope to adopt two families and encourage other chapters to take this opportunity if it is ever available for them. Also around Christmas time, we partnered with a social fraternity on campus, Lambda Chi Alpha, to provide gifts for their annual Breakfast with Santa.

As the new semester starts we still haven't lost steam. We currently are in the process of collecting used prom dresses for Cinderella Project and have also set up a 'penny war' with the other organizations on campus with the profits going to the St. Louis Red Cross for Haiti relief. We hope that everyone is having as blessed a year as we are and look forward to hearing what is happening in the KE world.

— Kacy Wittler

Sigma chapter's president, Rachael Mead, taking a break from studying

Alpha Epsilon Chapter

Alpha Epsilon
University of Louisiana at Monroe

Our chapter has worked diligently over the last semester to improve established projects and initiate new ones. We have been busy! We kicked off the year with our 2nd annual College of Pharmacy Family Day. We served desserts and punch and offered tours of the College for all students and their families. What a way to start off the year! We held recruitment in September with a challenging Photo Hunt followed by Riverside Barbeque. We recruited 16 potential new members, who began their six week education period and created the KE bond with them. Initiation

was held in October and we are proud to call them fellow members.

Our fall semester was focused on fundraising and kicking off a new Breast Cancer Awareness Week at the College of Pharmacy. During the week, we hosted a Halloween Boo Gram fundraiser to raise money for the Young Survival Coalition. We also hosted a Board Certified Oncology Pharmacist and faculty member, Dr. Michael Cockerham, as professional development speaker for all students on the Pharmacist's Role in Breast Cancer Awareness. We even changed all the computer backdrops to pink and had a pink jean day! Through all of our busy schedules, we still found time for fun! We hosted our

Halloween Pumpkin Painting and used the pumpkins to decorate the school. We added some entertainment to our meetings also! We started "Trivia Games" during meetings with exciting prizes! We ended the year with our Annual Tacky Christmas Sweater Party! We exchanged gifts, ate dinner, and had a few laughs before finals. It was such an enjoyable semester! We are planning our PharmCORP project, Big/Lil Week, and our College of Pharmacy Woodstock! It is sure to be an outstanding semester!

— Kristen Morgan

From L to R: Sigma chapter's Bill Lewis, Billy Heath, Mike Campbell, and Mobeen Moslem

Alpha Pi Chapter Members

Alpha Pi **Howard University**

Our chapter is very excited about what we have accomplished this past semester and what is to come. In the fall, we helped raise funds and walked in “AIDS Walk DC” and engaged in our national project by volunteering with the Breast Cancer Walk in Washington, DC. Pictures from these events can be viewed on our brand new website at www.hualphapi.org. We hope this website serves as a way to connect with other chapters and promote our activities to all those with

interest in our chapter.

Our members remain very active on campus by serving on executive boards in various organizations such as SNPhA, Rho Chi, and APhA. We oversee and offer tutoring to underclassmen needing assistance in any of their classes and we take pride in our reputation with our administration and faculty. Many of our members serve as “go to” persons whenever a faculty member requires a research assistant or our dean needs a representative for our school at any university or outside event. In Spring 2010, we look forward to continuing our commitment to our

school and community. First up, our annual “Heart to Heart Ball” formal for the Howard Community raises funds for the American Heart Association. In March, we will be welcoming all KE’s to our wonderful city for the American Pharmacists Association (APhA) Annual Meeting and Exposition. May all our fellow KE’s across the country continue to have success in all endeavors as we continue to build on our organization’s history and tradition.

— Jude Akinbote

Some of the Lambda Ladies

Alpha Phi
Duquesne University

The Alpha Phi Chapter started another outstanding year. Over the summer members attended the 47th National Convention in Indianapolis. Our chapter was Chapter of the Year Honorable Mention for 2008-09 – of which we are extremely proud and continuously striving to uphold it. At convention, our advisor Dr. Paula Witt-Enderby was named Advisor of the Year for 2007-08.

Our chapter was forced to make adjustments to our recruiting due to our school becoming a 2-4 program. All things considered we have been very successful by incorporating a Pre-Professional program where those in their first two years of pharmacy school can partake in many of our projects, just not those with a ritual. Another new and exciting event that Alpha Phi did this fall was celebrating our 10 year birthday with a Founder's Day event. This was a huge success and we even had Kappa Epsilon's Grand Council President, Elizabeth Kort come from Maryland to enjoy the celebration with us.

Alpha Phi Members

This was a very enjoyable time to see how being a part of Kappa Epsilon shaped and impacted many of our professors, who are KE alumni.

With the start of the new semester our chapter will be getting ready for Meet the Greeks where we will try and encourage growth and we hope to have some dedicated and enthusiastic members join. We also will be continuing our other national project of

PHARM-Corp where we have many of the Alpha Phi members excited to go to their high school alma mater and encourage pharmacy as a profession. With all of these exciting plans everyone in the chapter has found something to be a part of and are honored to be a part of Duquesne University's Kappa Epsilon Chapter.

– *Gretchen Sherman*

The members of the Alpha Phi chapter around campus

Beta Alpha at their Breast Cancer Awareness Seminar

Beta Alpha Chapter

University of Florida, Jacksonville Campus

It has been a service oriented semester for the Beta Alpha chapter filled with numerous projects. During the month of October, our organization participated in

the Race for the Cure and also raised money to support local breast cancer survivors. In November, we gave a day of service through Habitat for Humanity at Jacksonville Beach. In December, we donated plenty of toys to the Wolfson Children's Hospital.

Of course, we relax and have fun, too. We

recently initiated 11 new members into our chapter. We ended the semester co-sponsoring the end of semester holiday party for our campus, which was a huge success. We look forward to another great year.

— Lorilee Olmiguez

Upsilon

University of Houston

We started off the 2009-2010 school year with a splash! Our annual KE Pool Party welcomed current members, alumni, family and friends to gather together for food and poolside fun. Shortly thereafter our efforts were directed to recruiting new KE members. Several information sessions were hosted, complete with games, a dessert bar, and a KE recruiting video worthy of an Oscar! We welcomed a fantastic group of dedicated new KE members.

Upsilon carried the torch for Breast Cancer Awareness by participating in the Susan G. Komen Houston Race for the Cure. No threat of rain was going to keep us away from this event! At the end of the month, the KE Halloween Party drew a big crowd with appearances made by a pharaoh and werewolf! In November, KE had a strong presence at the University of Houston College of Pharmacy's Clinical Skills and Patient Counseling Competitions with several members making it to the finals! Members also participated in Heartburn Awareness events at local retail pharmacies, a new com-

Upsilon participating in the Houston Susan G. Komen Race

munity outreach project for KE. For our November social, we descended upon the Texas Renaissance Festival for the Barbarian Invasion themed weekend. We enjoyed the costumes, food, shops, and constant entertainment. In December, we continued our tradition of delivering Christmas stockings to the Ronald McDonald House at the Texas Children's Hospital. Over 20 stockings were

delivered, spreading holiday cheer to those in the hospital. We concluded the fall semester at Dave & Buster's. This upcoming semester we are eager to continue our outreach to the community and contributions to the pharmacy profession.

— Eugene Ploch

Kappa Epsilon Joins the Social Networking Revolution

In response to the increasing popularity of the social networking site, Facebook, Grand Council has recently created a Kappa Epsilon "Group Page" for KE members who utilize the program! As an adjunct to our Kappa Epsilon website, we hope that our members will responsibly take advantage of many functions that Facebook can bring, including the sharing of photos, receiving updates on important information, participating in thread discussions of KE activities, and the collaboration of programming ideas. Additionally, being a member of the Facebook Kappa Epsilon group is a great method to reconnect with old friends as

well as to create new bonds of friendship!

To access the Kappa Epsilon group page, search "Kappa Epsilon Fraternity, Inc.", look for our recent group Convention photo, and place a request to join! To maintain the privacy of our organization, this is a private group, with access to membership being granted from the group's administrator or if someone in the group invites you to join. Remember, as you utilize the site, to have fun, and always represent yourself as a responsible member of the pharmacy profession and a proud member of Kappa Epsilon. We look forward to seeing your bright, shining face online!

Kappa Epsilon Needs You!

As part of our mission to keep close, personal contact with collegiate chapters, Kappa Epsilon is now recruiting National Liaisons. The KE National Liaison Program (formerly known as the Alumni Council Connection Program) was created in 2005 in an attempt to strengthen the bond and remove the physical boundaries between Grand Council and the collegiate chapters. KE National Liaisons are enthusiastic alumni representatives of KE, who reside in areas in close proximity to a collegiate chapter and serve as a liaison between Grand Council and the collegiate members. The KE National Liaison is encouraged to communicate with the chapter, complete

a formal visitation on behalf of Grand Council at least once during the biennium, and keep Grand Council informed of chapter activities and significant events. National Liaisons are often invited to fun and important dates such as Founder's Day, formals, tea parties, charity walks, and social events. If you are interested in serving in this capacity to a nearby collegiate chapter in your area, please contact the Executive Office or the VP Collegiate Development for more information!

The Charitable Giving Corner

In a continuing effort to provide financial stability and perpetual support for Kappa Epsilon Fraternity and the Kappa Epsilon Foundation, please consider making a donation to one or both of these entities.

Let us speak with one voice, in strategy and purpose, and share our resources to promote the future of Kappa Epsilon. We present this opportunity to help ensure that the administrative necessities of the Fraternity continue, and the educational and scholarly awards of the Foundation are ever increasing.
